

**JUNIOR
AMBASSADORS**

Thank you!

Junior Ambassadors are kids and teens in the community who are committed to fundraising and spreading awareness for Children's Hospital Los Angeles. They each come with their own special story about what inspired them to support the hospital's lifesaving mission.

Through a variety of personal projects—from bake sales and benefit concerts to lemonade stands and craft sales—these kids raise thousands of dollars each year. The program is an inspiring example of kids helping kids.

**The Junior Ambassadors thank you
for joining them in supporting
Children's Hospital Los Angeles.**
